

Successful Farmer Series

Fridays

Dec 18

Jan 8 & 22

Feb 5 & 19

Mar 4 & 18

9–11:30 a.m.

\$15 for Entire Series or \$5 each session

The Successful Farmer Series is a new program to southeast Nebraska. It is designed to provide numerous educational opportunities to farmers, landowners or anyone involved in agriculture that wants to increase their knowledge. The goal is to provide up-to-date and timely information in order to help farmers be more successful. This will be a very informal series and the speakers will interact with the attendees in order to answer questions. As we all know, learning never ends no matter what your age or experience level, so please joins us for this winter educational series.

Please contact the Extension office at (402) 441-7180, for a brochure to register, but walk-ins are welcome.

DECEMBER 18

Monthly Climate Outlook

Tyler Williams, Extension Educator

Precision Ag

Joe Luck, UNL

Nebraska On-Farm Research Network

Laura Thompson, Extension Educator

JANUARY 8

Cover Crops
