

Mid-life Farmers Tips for Your Health and Safety

Who's at Risk on the Farm?

Mid-life Farmers

Risks from Grain and Livestock Dust Exposure

- ⇒ Allergy Symptoms
- ⇒ Cough
- ⇒ Nose and Sinus Symptoms
- ⇒ Asthma Symptoms
- ⇒ Organic Dust Toxic Syndrome (ODTS)
- ⇒ Chronic Obstructive Pulmonary Disease (COPD)

**Proper use of an N95 approved mask
in dusty conditions will lower your risk!**

Respiratory Protection must:

- Have two straps
- Fit your face tightly, without gaps around the nose, cheeks, and chin
- Be appropriate for the task– use the correct mask for the job!
- Be approved by the National Institute of Occupational Safety and Health (NIOSH)
